## How do I adjust the pedals?

### ⚠ WARNING

- Always use two threaded holes at both sides to connect the pedals.
- The height of the pedals can only be adjusted for the Medium and Large models.

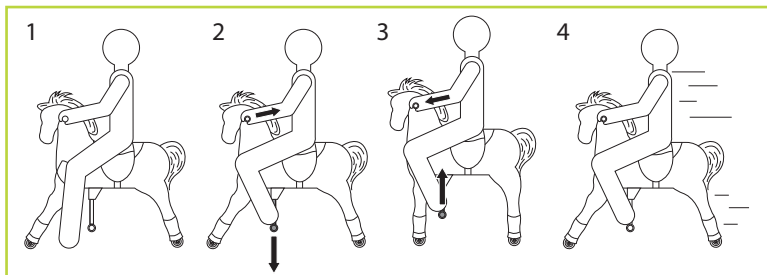

## How do I use the animal-riding animals?

### ⚠ CAUTION

- The product moves down when taking place on the product.
- Do not use the pedals to sit down on the animal. This can tip the animal sideways.

To use the product:

1. Sit down on the animal. The animal moves down.
2. Place your feet on the pedals and your hands on the handlebars. Pull with little strength the handlebars towards your body while moving the pedals downwards. The animal comes up and moves forward.
3. Push with little pressure the handlebars from your body while allowing the pedals to move upwards.
4. The animal moves down and continues moving forward.

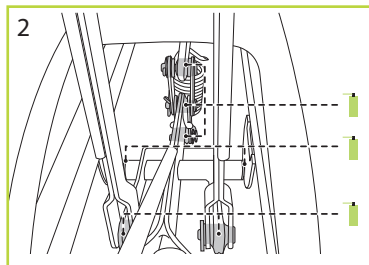

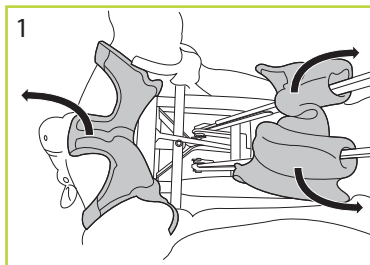

## How do I maintain the animal-riding animals?

### NOTICE

- Let the product not soaked wet because the mechanism could be damaged. Therefore do not remove the textile from the animal. Always keep the textile attached and use a wet cloth to remove dirt.

To maintain the product:

1. Remove the saddle. Loosen the hook-and-loop fasteners at the bottom of the animal.
2. Use a lubricant to periodically lubricate the moving pivots.
3. Check regularly that the wheels run smoothly and still stuck.

## How do I store the animal-riding animals?

- Store the product in a dry and ventilated place when it is not in use.
- Keep the horse upright and never lay it down when it is stored.
